

- Leading Anglican college on Queensland's beautiful Sunshine Coast with a focus on student-centred education.
- Opportunity to bring vision and innovative academic leadership to a pioneering Prep-12 College in one of the fastest growing regions in Australia
- A significant role in a College with a reputation for providing a first-class education where students are inspired to build personal capacity and resilience.

St Andrew's Anglican College is based on the Sunshine Coast, Queensland and is a Diocesan owned school of the Anglican Church of Southern Queensland offering a comprehensive educational experience from Prep to Year 12.

Over the past 20 years, the College Council, Principal and Senior leadership team have created a positive learning environment and has actively supported growth in our students' personal capacity. We have a compelling reputation across Queensland and around the country for providing a first-class education, focused on balancing academic success, supported by an environment where students are inspired to build personal capacity and resilience. With a breadth of opportunities, we enable our students to move confidently into their futures.

Our values of Respect and Compassion, Curiosity and Courage, Engagement and Commitment, underpin all that we are. When these values and the Anglican ethos are embodied in all activities of the College, we are Diamond Strong. We pride ourselves on our vibrant and dynamic community where we share ideas about the future of our College and collaborate with parents to ensure a consistent approach to all we do.

Our versatile, extensive, and rigorous academic curriculum, combined with innovative teaching methodologies and personalised learning, aims to create lifelong learners with the foundations for future success.

The College has an ambitious Strategic Plan, which also encompasses our Master Plan and we are currently preparing to commence work on our Music and Drama Teaching and Learning precinct and then our Future Learning Building.

After seventeen successful and happy years at St Andrew's, our current Principal, the Reverend Chris Ivey will be finishing up with us later this year, and it is now the Anglican Schools Commission and College Council's responsibility to appoint our next Principal to take the College into the next exciting stage of our journey.

We are seeking an innovative leader in student-centred education who is an advocate for all the things that make St Andrew's a distinctive college on the Sunshine Coast: effective standards of care, Christian values in the Anglican Tradition, academic rigour, and a focus on independent learning in a positive environment.

Our next Principal will be aided by a very talented senior leadership team consisting of a mix of long-term and newer professionals who have joined us in recent years. The College Council likewise consists of a very experienced mix of education and business professionals with a long-term commitment to the College.

For more information and to obtain the link to the Information for Candidates site that has full details of the College, the position and the application process, please contact:
